

Homestay Report 2

Miu Yamashita

Yumi and I went to a local shopping mall with our host family and bought some foods, clothes, accessories and so on. Then we went for skating and had a great time there. After that we finally went to Times Square in New York! We went shopping around there again and had some delicious food and spent a special time.

I'm so thankful for the amazing host family because they were kind to us every time, like speaking to us slowly in clear English and taking us to the Times Square even it took us for 2 hours for going there.
